

DAVE SHAFER'S  
*J*OURNEY TO *T*IBENHAM

The day was to be spent in the city of Norwich, the home base where all trips begin and end. Main focus will be the 2nd Air Division Memorial Library, the big thrill for me is that I will present and donate the book "Combat Log". I have edited and prepared this book from my dad's many photographs, combat log, and the combat logs of my dad's crewmates Horace Meacomes, Darrell Reed, Dick Howell and Tom Paone.

To know that this book will be seen by all that come in and out of the library, to read and see all that dad and his crew succeeded in accomplishing while flying their B-24 Liberator from Tibenham, for me is quite an honor.

"The Fourm" where the Library is housed.

Presentation of "Combat Log" to Derek Hills, the Head Librarian.
